

## Preschool Classrooms

### 4-year-old's: Mrs. Wagner

As we come to the end of another school year, it's always a little sad for me to say goodbye once again to my students. The children have all grown so much over the past year...they are writing their names, they are recognizing most of their letters and can count to at least to 20 and beyond. Not only have they grown academically, but also emotionally and spiritually as well! They all understand that Jesus their Savior loves them beyond measure and that He is always with them! We had a very busy May as we participated in National Outdoor Classroom day on May 17th - learning centers were setup outside as the students spent most of their class sessions outdoors! Graduation was held in the church on Wednesday, May 30th followed by a cookie & punch reception in the cafeteria. I am so very overjoyed that I will be seeing quite a few of my students back in the fall for Kindergarten at St. John! My prayer is that all of my students have a safe and restful summer break and that they are eager to return to school in August where they will continue to be a part of our wonderful school family!!

### Three year old preschool – Mrs. Cavin

It is always amazing to me, to see how these little ones grow and change from the beginning of the school year to the end. We have enjoyed learning and growing together. We will be celebrating moving up on Wednesday, May 30th. We are looking forward to summer break. I will be excited to see how much more they grow and change over the summer!

### Four year old preschool – Mrs. Cavin

We made it! We have learned all of our letters and numbers. We have learned about how Jesus wants us to live and how much God loves us. We are ready to graduate preschool and become big kids! We are looking forward to our graduation ceremony on the 30th, and are excited about summer break!

2018

## Remember, “It is Still All About Jesus!”

This year's theme was based on Romans 10:15, “<sup>15</sup> And how can anyone preach unless they are sent? As it is written: “How beautiful are the feet of those who bring good news!”

Watching His children learn and grow has been fulfilling as a principal and a Christian. As I walk the halls of the school I am amazed at our teachers and how they teach the children, not only about faith but academically. Our teachers work hard to help the children achieve in all areas. They use a variety of learning and teaching methods that help each style of learner. With our small class sizes teachers are able to spend one on one time with each student making sure that they understand the concepts and are able to complete the work. When our students graduate to the next level our students are able to fit in and excel academically. Also, they are able to stand firm regarding right and wrong for they have a strong spiritual base through studying the Word and growing in their faith. When someone questions our academics, I am able to tell them that our students are taught with the highest standards that will allow them to succeed in high school and beyond.

My goal as principal at St. John Lutheran School is to continue to grow our school with children from our congregation and the community. I believe that St. John is a wonderful place where students are able to graduate in 8<sup>th</sup> grade being able to study and learn in high school and then college or in the work force. The best part of the student's success is not only when they succeed academically, but also when they have their faith to live by. Through their faith they will be able to handle adversity and struggles, rejoicing in success with the knowledge that their Lord Jesus Christ is there for them always! They will know that wherever life takes them “It is still all About Jesus!”

Thank you so much for continuing to support the mission at St. John Lutheran School! It is through the partnership of the church and school that we are able to teach His children so that they know they can learn about Jesus daily!

Your Servant,  
Mrs. Kosmerchock, principal

## **Seventh & Eighth Grade**

How quickly the school year has gone by! It is always an emotional event saying good-bye for the summer and yet I am excited and happy to see the 8th graders move on to high school. I believe they are more than ready for the change, and the extra two years at St. John has bolstered their belief in Jesus but also their belief in themselves and what they can accomplish with His help. I always feel better knowing that the 7th graders will be back for their last year here at St. John. We were very excited to go to the Creation Museum and Kings Island for our class trip and many fond memories were made. Graduation will be held on Saturday, June 2, during the 6:30 evening service with a reception after in the cafeteria. Thank you, congregation, for the support you have given and continue to give to our school. I pray all the students and their families have a blessed and safe summer.

## **5<sup>th</sup> & 6<sup>th</sup> Grade News**

We had a great year in 5th and 6th grade. I'm amazed at how hard the kids worked all year and how much they have achieved. We enjoyed the end of the school year very much, including field day and our trip to the Hands on Museum in Ann Arbor. To wrap up the year, the students completed a book report of their choosing and had fun making a class booklet of favorite memories. I hope they have a wonderful and well-deserved summer break!

## **Kindergarten Happenings**

It has been another great year for the kindergarteners! I am so proud of everything my students have learned and how far they have come from the beginning of the year. What is especially rewarding is to see the love of God in their hearts and their relationship with Him grow and strengthen. I am confident that my students will do amazing things next year with Mrs. McGhee!

## **First Grade News**

It can't be possible! It seems like just last month that I was meeting with families to go over the routine and expectations for first grade. I'm so thankful to have been entrusted with the care and education of these children. They've been a delightful group and their reading

skills have come so far. I look forward to seeing each one of them at our school next year.

In mid May the class enjoyed a field trip to the Imagination Station. What great fun it was watching the children enjoy all the wonderful exhibits and presentations.

## **Second Grade News**

As our school year comes to an end, I can truly say I am proud of each one of my students and how far they have come this year. These students have grown in many ways, and continue to amaze and surprise me every day. We had a wonderful year together and I will look forward to watching them continue to grow in their faith for years to come.

## **3<sup>rd</sup> Grade News**

I have been so blessed to be a part of the St. John Lutheran family this year! I have enjoyed every moment with the third grade students and I will miss them this summer! We ended the year learning about geometry and telling time in math. Social studies we studied cultures and about goods and services. In reading, we finished our 4th unit and learned about adjectives, adverbs, contractions and pronouns!!! Our field trip to the Rutherford B. Hayes House and Museum was great fun and very informative! The students all had a great time and enjoyed it thoroughly! I hope everyone has a great summer and I can't wait to see everyone back in the fall!!!!!!

## **Mrs. Perchikoff's News**

Science Classes: Wow! The year has ended! 4th graders finished the year learning about animals and their environments. 6th, 7th, and 8th graders finished with the physical sciences (matter, motion, and forces). 5th graders finished with light and sound as forms of energy.

Math Classes: 4th graders ended the year with geometry! They studied lines, rays, angles (how to draw and measure!), triangles, and quadrilaterals. 7th graders ended the year with probability: finding the probability of compound events, using the fundamental counting principle, and studying permutations. Have a blessed summer!!
